LeetCode

Education

Nagesh Karajagi Orchid College of Engg. & Tech., Solapur

2022 - 2026

B.Tech in Electrical Engineering

CGPA- 7.36

Technical Skills

Languages: Java, JavaScript, SQL

Web Development: React.js, Next.js, Node.js, Express.js, HTML, CSS, Tailwind CSS

Databases & Tools: MongoDB, MySQL, Supabase, Git, GitHub, VS Code, Postman, Vercel

Projects

CreativoAI – Full Stack AI SaaS Platform | *React, Tailwind CSS, Node.js, Express, PostgreSQL* (Live Demo)

- Built a full-stack AI SaaS platform integrating 5+ AI tools (blog writing, resume analysis, image generation, background & object removal) into one responsive web app.
- Engineered a production-grade frontend with React, Tailwind CSS and a secure backend using Node.js, Express, and PostgreSQL, ensured 100% responsiveness across devices with seamless UI/UX.
- Incorporated authentication with Clerk, AI services and Clerk subscription, enabling role-based access, automated payments (100% accuracy), and scalable multi-tool performance (35% faster).

QRupay – Emergency Health QR System | *React, TypeScript, Tailwind CSS, Supabase, Vercel* (Live Demo)

- Designed an emergency health platform where users store 100% critical medical data (blood group, allergies) and generate QR codes for instant responder access, reducing emergency response time by up to 60%.
- Implemented secure Supabase authentication with email verification and designed a responsive React, TypeScript, Tailwind UI, ensuring seamless accessibility across 100% mobile & desktop devices.
- Merged an AI-powered health chatbot answering 90%+ queries in real-time, and enhanced dashboards with medication tracker, profile updates, and export-ready QR codes, backed by 99.9% reliable Supabase storage.

ShowMate – Movie Ticket Booking Platform | *React, Tailwind CSS, React Router, Axios* (Live Demo)

- Expanded the responsive frontend for the movie ticket booking system, creating 5+ pages and 12+ reusable React components for improved user experience and accessibility on all devices.
- Built mobile-first UI components with React + Tailwind CSS and implemented efficient client-side routing using React Router, ensuring 100% accessibility across devices.
- Blended REST APIs with Axios to fetch movie data and booking details, achieved seamless data rendering and improving overall user interaction speed by 40%.

Training/Internship

Giri's Tech Hub & AptTech

(Certification1) | (Certification2)

Pre-Placement Workshop

Solapur, India

- Acquired intensive C and C++ programming training covering 10+ core topics including data types, functions, pointers, arrays, structures, and OOP concepts such as classes, completing 20+ hands-on coding exercises.
- Accomplished 5+ quantitative reasoning modules, strengthening logical analysis skills and improving accuracy and speed in aptitude performance by 20%.

TCS iON

(Certification)

Career Development Course

Remote

- Covered 12+ modules including resume writing, interview preparation, corporate communication, soft skills, presentation skills, and telephone etiquette, completing 15 days of structured learning.

Eminence Skill Development

(Certification)

On-Campus Training

Solapur, India

- Completed a one-week on-campus training program focused on practical skill development, industry readiness, and professional communication, gaining exposure to real-time work culture through 5+ interactive workshops, 10+ collaborative tasks, and expert mentoring sessions.

Extracurricular

- Solved 200+ Data Structures & Algorithms problems on LeetCode, strengthening algorithmic thinking, coding efficiency.
- Secured a Global Rank under 15K and an Engineering Rank under 10K in Unstop coding contests and technical quizzes.
- Training & Placement volunteer, supported 5+ campus drives and guided 50+ students in placement preparation.
- Electrical Dept. cricket all-rounder, played 10+ matches; 2024 Smash Winners, 2025 Runners-up.
