LeetCode

Summary

Full Stack Software Developer with expertise in **Java, JavaScript, React.js, Node.js, Express.js, MongoDB, and PostgreSQL**, with hands-on experience building scalable web applications and REST APIs. Solved **200+** DSA problems on **LeetCode** and driven to develop **scalable, impactful software solutions**.

Education

Nagesh Karajagi Orchid College of Engg. & Tech., Solapur

2022 - 2026

B.Tech in Electrical Engineering

CGPA- 7.35

Technical Skills

Languages: Java, JavaScript, SQL

Frameworks/Tools: React.js, Node.js, Express.js, MongoDB, PostgreSQL, Clerk, Tailwind CSS, Postman, Git, GitHub

Core CS: Data Structures & Algorithms, Object-Oriented Programming, Operating System, Computer Networks, Database Management System

Projects

CreativoAI – Full Stack AI SaaS Platform | *React.js, Tailwind CSS, Node.js, Express, PostgreSQL* (Live Demo)

- Built a **full-stack AI SaaS platform** integrating **5+ AI tools** including content generation, resume analysis, and image processing into a single **cross-device web application**.
- Developed a **production-ready React–Tailwind frontend** with a **secure Node.js, Express, PostgreSQL backend**, integrating **Clerk authentication** and demo subscriptions.

QRupay – Emergency Health QR System | *React.js, Tailwind CSS, Supabase, Vercel* (Live Demo)

- Developed an **emergency health platform** enabling users to securely store **critical medical data** and generate **QR codes for instant responder access**, reducing emergency response time by up to **60%**.
- Integrated **Supabase authentication**, a **modern React–Tailwind frontend**, and an **AI-powered chatbot**.

ShowMate – Movie Ticket Booking Platform | *React, Tailwind CSS, React Router, Axios* (Live Demo)

- Enhanced a movie ticket booking system by developing **5+ pages** and **12+ reusable React components**, delivering a **responsive, mobile-first user experience**.
- Integrated **REST APIs using Axios with React Router** for efficient client-side routing, improving data rendering and overall user interaction speed by **40%**.

Training/Internship

Giri's Tech Hub & AptTech

(Certificate) | (Certificate)

Pre-Placement Workshop

Solapur, India

- Completed **intensive C and C++ programming training** covering core concepts such as **pointers, data structures, and OOP**, with **45+ hands-on coding exercises**.
- Strengthened **logical and quantitative reasoning skills** by completing **5+ aptitude modules**, improving problem-solving accuracy and speed by **20%**.

Data Flair

(Certificate)

Web Development Training

Remote

- Completed **comprehensive web development training** covering **HTML, CSS, JavaScript**, and **modern frontend frameworks**, with **hands-on project experience**.

Certifications

- Complete Web Development Course - by Udemy** (Certificate)
- Operating Systems - by NPTEL** (Certificate)
- Core Java - by Udemy** (Certificate)
- TCS iON Career Edge - Young Professional** (Certificate)

Extracurricular & Achievements

- Solved **200+ Data Structures & Algorithms problems** on **LeetCode**.
- Participated in **Google Cloud Agentic AI Day Hackathon** to address real-world challenges.
- Active participant on **Unstop coding contests and quizzes**, earning **50+ certificates**.
- Training & Placement volunteer**, supported **5+ campus drives** and guided **50+ students** in placements.
